

Geropsychology course = Must have content congruent with APA *Guidelines for Psychological Practice with Older Adults* and be taken for at least 3 hours of credit.

Clinical aging project = Empirical research, extended case studies, lit critiques & analyses, or capstone projects that programs require.

Clinical practicum with gero content = Minimum experience of 9 months of applied supervised training for at least 10 hours per week (at least 50% clinical contact with older adults, family members, and/or care teams).

Supervised experience = Must include at least 30% clinical contact with older adults, family members, and/or care teams (e.g., assessment, treatment, consultation). If offered, seminar attendance, interdisciplinary team participation, readings, and research may count as part of the supervised experience for interns & postdoctoral fellows.

CE coursework – Must be approved by APA or by another major mental health organization.
